CHILTON PAINTS!

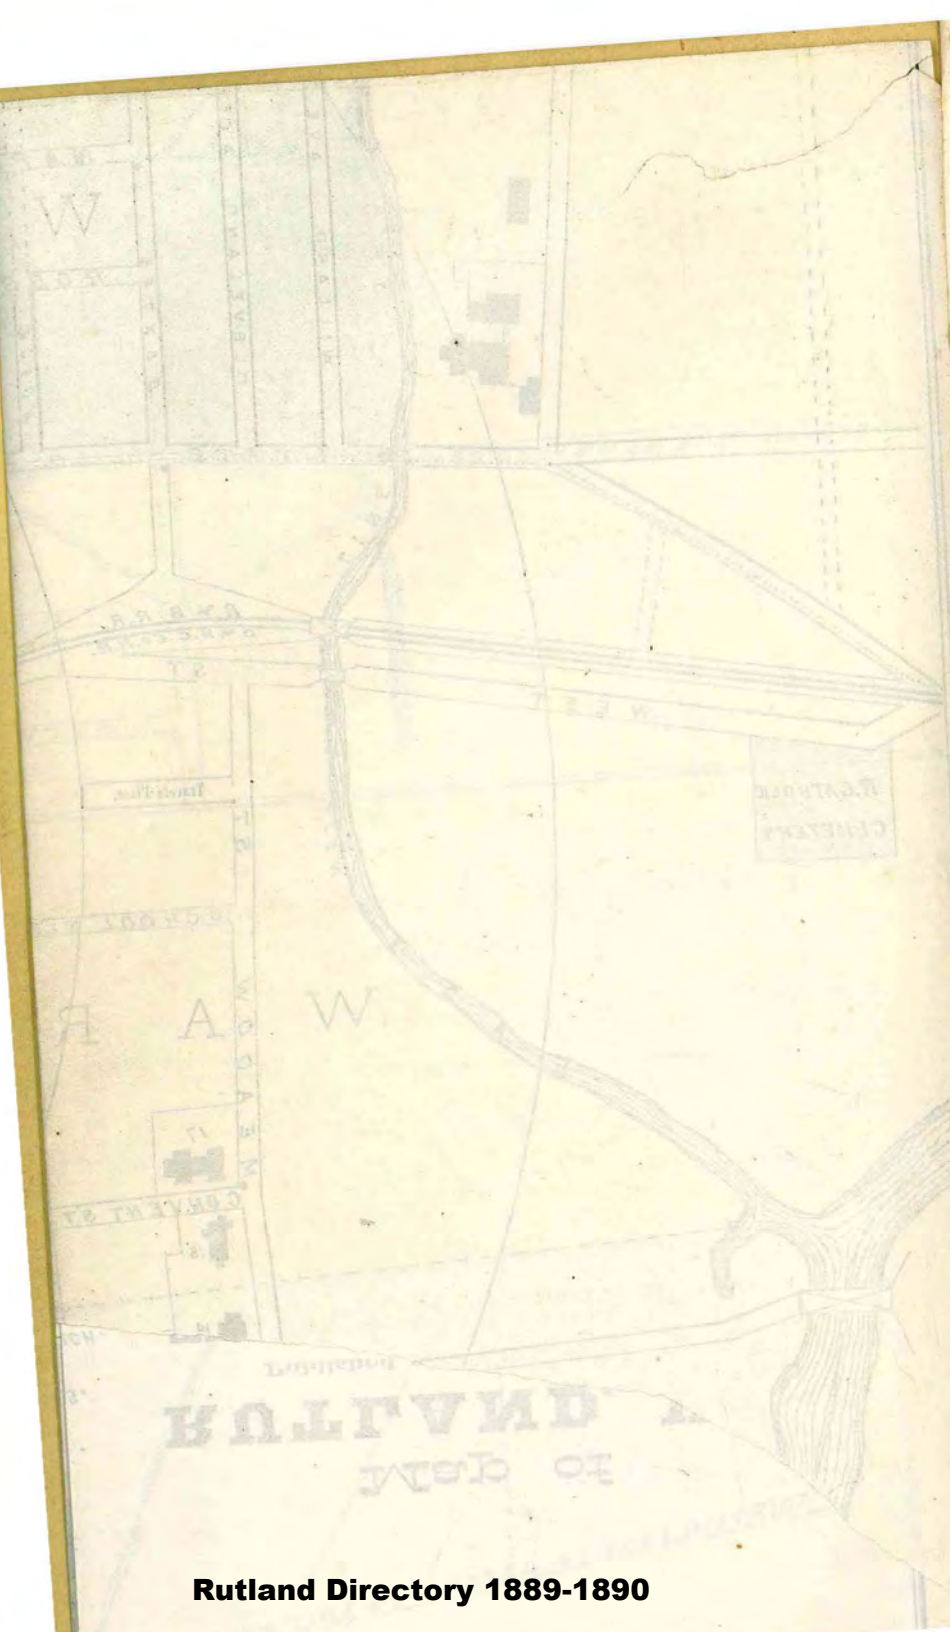

"You ask my opinion in regard to the CHILTON PAINTS. In my long and varied experience, I have no hesitation in saying that they are superior to any paints I have ever used. Tested beside pure lead and oil, they show a wearing quality far superior, and retain their gloss much longer. They flow freely under the brush, leaving a smooth and glossy surface. Their covering qualities are unsurpassed, and altogether I should recommend them in preference to any other. If first cost should seem to be an objection to their use, you have only to take into consideration that a gallon covers more surface than other paints. If my experience and testimony are worth anything to you, you are at liberty to use them as you like.

Yours truly,

J. F. ESTABROOK,

Foreman Painting Department, Howe Scale Company.

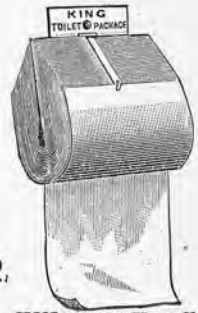

Fig. 2.

KING PACKAGE
Without Fixture.

THE KING PACKAGE TOILET PAPER

is made of cut sheets of tissue of suitable size, slightly attached to each other. By removing one sheet another falls into position, and so on till the entire package is used; exposing the sheet nearly its entire length so that it may be seized with the hand, as shown in the illustrations. This may be used equally well without other holder than a hook or nail to hang it on, (see Fig. 2) but when used in Hotels and other public places we recommend the Metal Fixture, as the paper can only be taken from it one sheet at a time.

A BOOK FOR EVERY VERMONT HOME.

THE * STORY * OF * VERMONT.

—O:B Y:O—

JOHN L. HEATON.

Charmingly Written, Profusely Illustrated, Elegantly Printed, with Map. One Volume, 8vo., $1.50.

This is the only modern history of the Green Mountain State extant. It sketches, in stirring and most attractive form, the origin and growth of New England's sturdy mountain Commonwealth, and shows a record of which her sons may well be proud. Its descriptions of the important events that link the State with the history of the Nation bear marks of careful study and research, albeit full of spirit and action. The book appeals to every Vermonter, whether now a resident of his native State or not, and every school and home within the Commonwealth should have the advantage of its reading. *At the Bookstore, or sent postpaid by*

The Lothrop Magazines, for Young People and the Family.

WIDE AWAKE.

The best of all the young people's magazines! Over eighty pages every month, crowded with pictures, the best of short stories, serials, poems, practical articles on sport, science, natural history, and ways to do things—everything that is good for young people to know and do. Only $2.40 a year.

THE PANSY.

Intended especially for Sunday as well as week-day reading. "Pansy" herself is the editor. For children from eight to twelve there is no similar magazine that can compare with this. Always has serials by "Pansy" and other favorite writers. Tales of travel at home and abroad, adventures, history, religion at home and over the seas, and stories illustrating the International Lessons. Circulates widely among Sunday schools of all denominations, as it is non-secretarian. Thirty-two to forty pages monthly, fully illustrated. $1.00 a year. Very liberal terms made to Sunday schools.

BABYLAND.

Pictures and jingles, stories and play-helps for baby. If baby is five or six, he is not too old for *Babyland*; nor is he too young when he crows with delight at the sight of pretty pictures. *Babyland* will start a smile many a time when baby is tired with play, or fretful, or wanting something new. Thick paper, many pictures and very large type. Eight pages a month. 50 cents a year.

OUR LITTLE MEN AND WOMEN.

Intended for youngest readers. Everything made entertaining and told in simplest language; all easy for the little ones to read and understand. The pictures are many—large and small. Think of seventy-five full page pictures in twelve numbers—a special feature of *Our Little Men and Women!* The paper is thick, the type large, and twenty-four pages every month.

D. LOTHROP COMPANY, Publishers, Boston.

Sample copies of the four for 15 cents; any one, 5 cents.

THE SEARCH FOR BASIL LYNDHURST

BY

ROSA NOUCHETTE CAREY,

AUTHOR OF "WEE WIFIE," "ONLY THE GOVERNESS," ETC., ETC.

Frank F. Lovell & Co., Publishers,

142 & 144 WORTH STREET,

NEW YORK.

"I very decidedly prefer Stormonth's **Dictionary of the English Language** to any other in common use. It is scholarly, reliable, and what is almost as desirable in such a book—handy. Its sub-arrangement of derivatives under primitives—an arrangement equally sound in theory and practically convenient—has rendered it possible to put into a single volume, what by a different typography might have been easily swelled to the size of 'Webster's Unabridged.' The etymology, so necessary to the full understanding of definitions is valuable, whereas in almost every other English Dictionary in present use, the so-called derivations are practically worthless. After several years' use of this book as a working, every-day dictionary, I recommend this work. I may add that I speak of it solely of my own motive and with the desire to bring to favorable notice a book too little known and appreciated by the learned public."

EDWIN POST, Librarian, De Pauw Univ., 15 Feb., 1889.

"I concur in Dr. Post's generous recommendation of Stormonth's Dictionary."

THIS NORMAL SCHOOL was authorized by the General Assembly, November 17, 1866, located by the State Board of Education February 18, 1867, and put into operation January 2, 1868. Since that time it has graduated two hundred and ninety-seven in the first course of study and seventy-three in the second course of study. A large majority of these have been employed since graduation in all grades of schools and have been, with few exceptions, successful as teachers, and by their thorough work and widespread reputation in connection with the graduates from the Randolph and Johnson schools, have vindicated the wisdom of the establishment of normal schools and secured their perpetuation by a practically unanimous vote of the General Assembly at its last session.

TWO COURSES OF STUDY are adopted, as required by law. THE FIRST COURSE extends through two years, or four terms of twenty weeks each.

RHETORICAL EXERCISES, Weekly; CALISTHENICS, in connection with reading.

THE SECOND COURSE OF STUDY embraces one year and a half, or three terms of twenty weeks each.

Graduates must be seventeen years of age. Teachers of experience and persons who have taken a course of study at other schools may complete the First Course in less than two years, and the Second Course in one year.

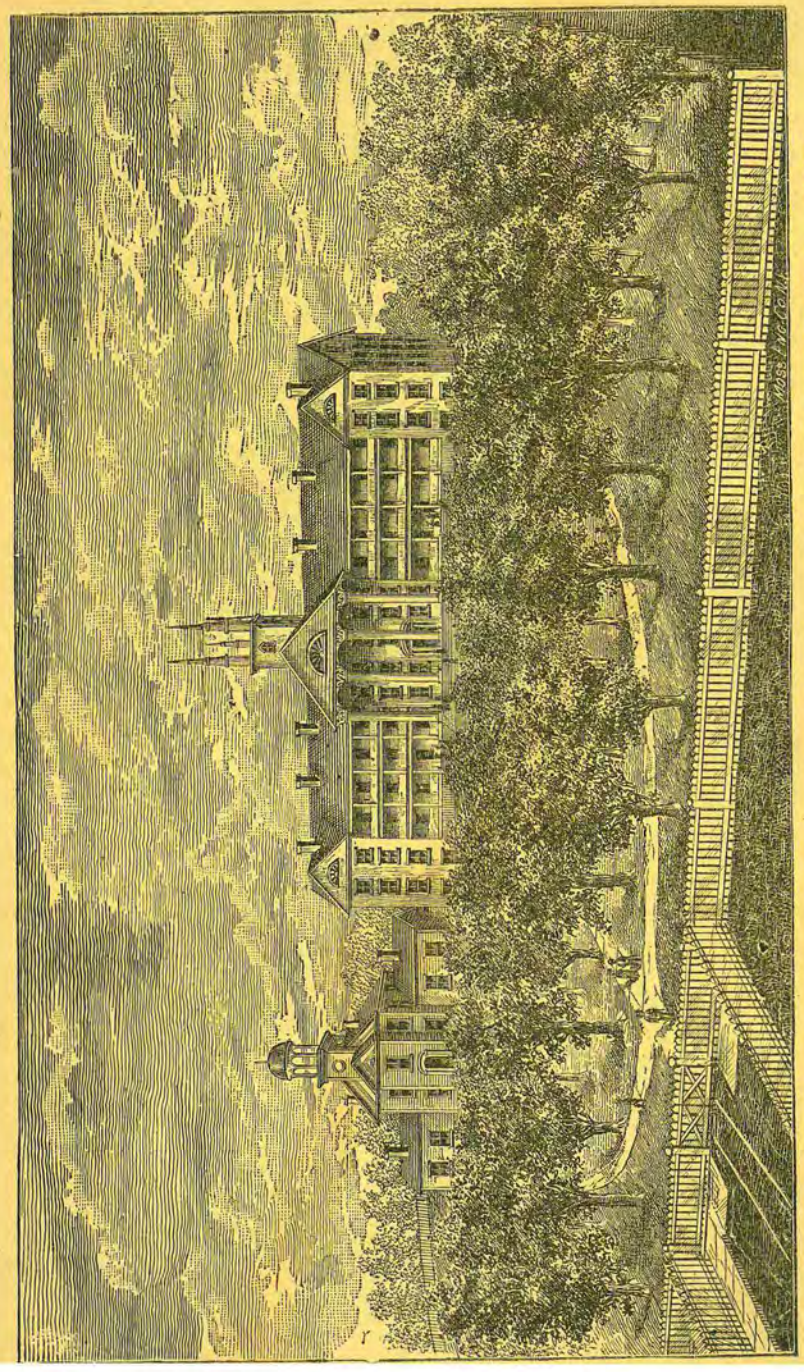

Graduates from the First Course receive a State License to teach in any public school of the State for a term of *five years*; those from the Second Course receive a license for *ten years*.

A Preparatory Department of two grades is maintained for those not prepared by age and attainments to enter upon the First Course. A school for primary instruction is also maintained. The instruction is largely by topics. In each recitation the best methods will be sought and illustrated. *The aim of the school is first, to secure the knowledge of the subject; second, to instruct in the best method of imparting that knowledge to others.*

Over eighty free scholarships may be had by members of this school, and for the first time in its history the full number has this year been filled. Appointments may be made from any town in the State. The number of students the past year reaches two hundred and fifty, with an average per term of nearly two hundred, and an average per quarter of over one hundred and fifty. The tuition is *six dollars* per term of *ten weeks*. Board is *three dollars and fifty cents* per week, two to occupy one room. This includes oil for lamp, furnished room, fuel and washing of twelve pieces per week, exclusive of garments requiring extra time and labor in the laundry. Boarders will furnish their napkins, articles for toilet use, bed covering and pillows. One hall is set apart for self boarders. For this purpose rooms are furnished with wood closets, cupboards, tables, chairs and bedsteads with straw bed. Soft water is supplied in abundance in this hall, and wood is supplied at two dollars per stove cord. Single rooms to one person, *six dollars* per quarter; two persons, *eight dollars*. Double rooms, *twelve dollars* per quarter. A reading table, supplied with papers and magazines, is maintained. Each pupil pays twenty-five cents per term toward its maintenance.

During the past eight years the building has been remodeled at an expense of over *six thousand dollars*, and it is now well furnished throughout for school purposes. The Fall term begins on third Tuesday in August; the Spring term, on the third Tuesday in February. Year by year the number and average of the pupils have steadily increased, and the school [illegible] upon its second century.
